

## Owingsville Outlook.

THURSDAY, OCT. 2, 1884.

### Local Matters.

#### Corn Knives at Ramsey's.

Hanson Kennedy, of Carlisle, was in town Saturday.

See Ramsey's line of beautiful coal vases and coal hods.

Mr. and Mrs. J. B. Goodpaster left for Lebanon Saturday.

Miss Nannie Kald of Mt. Sterling, is visiting Miss Jo Ewing.

Dr. Goldstein, the celebrated Optician, is in town this week.

Corn reached the price of 85c. per bushel in Chicago, Tuesday.

Mr. James G. Ficklin and wife are in from Missouri on a visit.

Mr. J. Roe Young, of Louisville, was up on a short visit last week.

Good, fresh eggs are plentiful in this market at ten cents per dozen.

Felix Warren is putting up a new store in the Peasiecks neighborhood.

Mrs. S. E. Frutman and daughter Miss Lillie spent Monday in Mt. Sterling.

Bent To the wife of Dr. W. H. Downey on Thursday, Sept. 25th, a daughter.

Mr. J. B. Hawkins has opened a restaurant at the Blue Front. Give him a call.

Mrs. L. A. Goodpaster and daughter Mary, are attending the Louisville Exposition.

Miss Lizzie Mason, of Texas, is visiting at the residence of Hon. A. H. Benson.

A large lot second hand sewing machines, priced from \$5 to \$15 at John A. Ramsey's.

Waller Harper was up on a short visit last week. He is now stationed at Frankfort.

Miss Lillie Shultz, who has been visiting Mrs. W. W. Perry, has returned home.

The recent dry spell of weather has caused the apples and pears to fall from the trees.

Thirty three acres of good land, one mile from town for sale. Read the advertisement.

You can't eat enough in a week to last a year, and you can't advertise on that plan either.

Died, At Marshall in this county on Wednesday Sept. 24th Mrs. Tilda Atchison aged 72 years.

Several good, warm rains this week have lent a very encouraging aspect to agricultural interests.

See Ramsey's line of coal and wood cooking and heating stoves, and get his prices before buying.

Mr. John Stafford, of Catlettsburg, sp at Sunday and Monday in town, the guest of A. J. Baker.

Died: On Saturday last, at his home in Fleming county, Samuel Allen, son of Frank Purvis, aged 11 years.

Mrs. Mary A. Cox, of Versailles, is visiting at the residence of her relative Maj. T. P. Young, in this county.

Hans Hog Remedy, sure cure for hog cholera. W. H. Downey, Owingsville, agent for this county. 4c.

Dr. W. E. Phillips, of Wyoming will remove to this place in a few days for the purpose of practicing his profession.

The Rev. Mr. Miller, the newly appointed Presbyterian preacher for this place, will preach in the court house next Sunday.

The surface indications are that the matrimonial market will be quite active during the next few months. The air is full of rumors.

Elders Zimmerman and Crouch will hold services at the residence of Geo. L. Coyle on Sunday next. Preaching morning and evening.

For fine custom-made clothing, overcoats, boots and shoes, at rock bottom prices, call on Steinschneider, with T. F. Rogers, Mt. Sterling, Ky.

The Institute last week was particularly indebted to Messrs. Lillie Lee, Lida Daugherty, Meekie Perry and Annie Conner, for delightful music.

We know where some enterprising man, with small capital, can buy a partnership in a well established, paying business. No idle questions answered, but full information given any one meaning business.

Everybody will take advantage of the cheap excursion to the great Louisville Exposition on the 16th over the C. & O. The fare for the round trip from Preston is only \$2.20, good returning on any train until the 21st.

### The Good Work Started.

A permanent organization of the Cleveland and Hendricks, Powers and Northrup club for this precinct was effected last Saturday evening by the election of J. J. Nesbitt, President, B. D. Lacy Vice President and J. J. Lacy Secretary. A committee of seven was appointed by the President to assist in the organization of the party by precincts. It is the duty of this committee to report at the meeting next Saturday an executive committee for each precinct composed of seven members. The following names were enrolled at the meeting Saturday:

Thos. J. Young,	Isiah Goodpaster,
C. R. Brooks,	E. V. Brother,
F. A. Goodpaster,	W. V. Perry,
J. M. Richart,	A. J. Nesbitt,
Will C. Nesbitt,	J. W. Hutchison,
C. W. Honaker,	C. F. Kent,
James L. Conner,	J. J. Lacy,
Geo. W. Conner,	Wm. Richards,
W. P. Perry,	O. S. Riggen,
Rollie Green,	Dr. N. F. Pierce,
W. H. Scott,	C. D. Kilpatrick,
James Stone,	L. R. Slesser,
John Stone,	F. Slesser,
H. Scott,	A. H. Lane,
A. H. Lane,	Richard Sanford,
Richard Sanford,	J. M. Brother,
J. M. Brother,	T. W. Ewing,
T. W. Ewing,	Geo. Ulery,
Geo. Ulery,	Jeff Adkins,
Jeff Adkins,	Wm. Hart,
Wm. Hart,	Pres G. Barnes,
Pres G. Barnes,	Seaton Goodpaster,
Seaton Goodpaster,	John T. Kimbrough,
John T. Kimbrough,	C. W. Nesbitt,
C. W. Nesbitt,	Jas. R. Manly,
Jas. R. Manly,	G. W. Barnes,
G. W. Barnes,	J. L. Elliott,
J. L. Elliott,	R. W. Hazzelrigg,
R. W. Hazzelrigg,	J. H. Richart,
J. H. Richart,	Good Barnes,
Good Barnes,	Sam. Wright,
Sam. Wright,	Samuel Doggett,
Samuel Doggett,	Geo. Lane,
Geo. Lane,	Wm. H. Rice,
Wm. H. Rice,	J. S. F. Maury,
J. S. F. Maury,	Roe Manly,
Roe Manly,	John W. Dawson,
John W. Dawson,	Carlton Jones,
Carlton Jones,	A. J. Mize,
A. J. Mize,	C. H. Hoon,
C. H. Hoon,	Jeff Dawson,
Jeff Dawson,	Sam. Shelling,
Sam. Shelling,	J. C. Campbell,
J. C. Campbell,	Turner Steneer,
Turner Steneer,	W. W. Power,
W. W. Power,	C. B. Steele,
C. B. Steele,	A. G. Spratt,
A. G. Spratt,	Jim Miller,
Jim Miller,	W. H. Daugherty,
W. H. Daugherty,	J. J. Nesbitt,
J. J. Nesbitt,	S. C. Bacon,
S. C. Bacon,	Geo. Jackson,
Geo. Jackson,	Wm. D. Young,
Wm. D. Young,	E. Q. Wells,
E. Q. Wells,	John A. Brazie,
John A. Brazie,	David Hoot,
David Hoot,	J. S. Hughes,
J. S. Hughes,	Joseph N. Cook,
Joseph N. Cook,	Loyd Jones,
Loyd Jones,	John E. Jones,
John E. Jones,	Wm. H. Williams,
Wm. H. Williams,	Joshua Steele,
Joshua Steele,	Barton W. Kearns,
Barton W. Kearns,	John W. Hughes,
John W. Hughes,	B. F. Burbridge,
B. F. Burbridge,	Wm. M. Wright,
Wm. M. Wright,	Alvin Cassidy,
Alvin Cassidy,	Mike Carpenter,
Mike Carpenter,	Thos. Kavanaugh,
Thos. Kavanaugh,	J. A. J. Lee,

Don't forget to call on Stein when you come to Mt. Sterling. He will be pleased to see you and sell you any thing in his line at lowest prices.

Mr. J. M. McDonald and Mrs. Editha Hardin were married at the Christian Church in Bethel at 11 o'clock on Tuesday morning. When "Uncle" Matt drove up to the county clerk's office for his license, he remarked to us that Henry S. Lane afterwards a United States Senator in Congress from Indiana, but who was at that time a deputy clerk under James Sudduth, issued him a similar license just 54 years ago.

Obeliah Dailey, a wealthy Clark county farmer, committed suicide last Sunday morning, while the family were absent at church, by hanging himself. On the following day, and on Dailey's farm, the wife of Al. McDonald, formerly a citizen of this county, committed suicide by taking a dose of poison. Deceased was a daughter of Bone Thomas, a well known Montgomery county farmer. We have not learned the cause assigned for either suicide.

On account of a supposed detention on the part of unknown parties to Lynch Samuel Clay, he was removed by an order of Judge Goodpaster, on Wednesday evening of last week to the Carlisle jail for safe keeping. Clay took things very coolly and did not seem to be at all disconcerted by visions of a short rope and a stout limb. All think that he would have died game and defiant.

The sale of the J. C. Hamilton herd of short horns, last week, was a great success. Ninety-seven head disposed of brought an average of \$817. The highest price paid was \$5,200.

We learned the other day of a Montgomery junkyard paying 2c. a pound for tobacco, to be weighed green on the stick. This is fully 75c. for tobacco cured and in the hand.

The now celebrated steel nails, which have only been in the market sixty days, and have given most satisfactory results, are to be found at J. A. Ramsey's hardware store.

### Eye Opener.

To the citizens of Bath and surrounding country.

I take pleasure in informing the people of this section that I have just opened the largest assortment of fall and winter goods ever placed on this market. The latest styles of dress goods, in all the fashionable shades, and at prices lower than ever before known. The dry goods department is complete, while in boots and shoes I can beat the world. My stock of ready made clothing comprises everything that is new and noble, and I can suit you both in style and price.

The goods are all fresh and new, and will be sold at the lowest figures for cash. An inspection of the stock is solicited whether you want to buy or not. Thanking the people for their liberal patronage in the past, and hoping to merit a continuance of the same, I am, very respectfully,

F. SLESSER.

We were surprised on calling in at John A. Ramsey's hardware store to see the line of breech and muzzle loading single and double Guns he has on hand. They comprise a line of the celebrated Colts Club Breech loads, Parker, Munster, Hollis & Co. also the Davis and other single barrel and single barrel breech loader, in fact a line varying in price from \$3.50 to \$75.00. He also has leggings, gun cases, crimpers, loaders, fillers, field wipers, cleaners, a fine line of empty and loaded shells, with full line of ammunition. His stock is a credit to the town, and we would advise parties wanting such goods, to give him a call before buying.

Mr. Geo. P. Stephens, one of our popular and well-to-do young farmers, and Miss Jennie Dawson, the lovely daughter of Mr. Jeff Dawson, will be married today (Wednesday) at the residence of the bride's father on Flat Creek. We wish the young and happy couple long lengthened days and skies forever unclouded with sorrow.

We call attention this week to the liberal offer made by "The National Democrat," Washington, D. C. Our subscribers would do well to avail themselves of the same. Every good Democrat is called upon to aid the circulation of the above mentioned paper. A correspondent is desired in this section. See advertisement.

All my Bath and Rowan county friends are invited to call on me at the popular clothing, and boot and shoe house of T. F. Rogers, at Mt. Sterling, Ky., to inspect our immense stock, just received, and marked at the very lowest Eastern prices.

Yours Respectfully,

E. STEINSCHNEIDER, Formerly with L. R. Slesser, Owingsville, Ky.

Messrs. O. P. Bradley, W. R. Dandison and James E. Power, of Danville are visiting relatives in Bath last week. The two former were born and raised in this county. All have accumulated handsome estates in Illinois. They are of the opinion that Carter Harrison will be elected governor of that state.

Elder R. T. D. Zimmerman is making about 300 gallons of sorghum molasses, which, judging from a sample shown us, are very fine. He sells the molasses at 60c. per gallon. Persons desiring to purchase can leave their orders and kegs with Geo. T. Young.

W. L. Crouch, a bright, manly young fellow of this county, who is serving an apprenticeship in Cincinnati, learning the engineers trade, called at our office Tuesday morning and ordered the OUTLOOK sent to his address in that city. He has been spending a few weeks vacation with his parents.

Joseph Terry, aged 84 years, died at the residence of Jas. M. Bell, near Reynoldsville, in this county at 9 o'clock on Saturday night last and was buried near Thompson's Station, in Clark county on Monday. The remains were conveyed to their last resting place by Mr. C. H. Hoon.

Mr. W. G. Dearing, of Fleming county, assistant Democratic elector for this district will address the voters of this county at the court house on the second Monday in this month, being county court day, at 1 o'clock P. M.

Mr. D. S. Estill has removed to Lexington, Ky. We regret exceedingly to lose Mr. Estill and his estimable wife, but hope his interests may be materially advanced there. His address is No. 45 Upper street.

A beautiful lounge pillow owned by Mrs. Alvin Thomas, of this place, was exhibited at the Fairmount fair a few days since and took the premium over a number of competitors.

### Proceedings of the Bath County Teachers' Institute.

MONDAY, SEPT. 23, 1884.

Called to order by W. H. Daugherty, President.

Musical by Misses Lillie Lee and Lillie Daugherty.

Opened with prayer by Elder J. Stafford.

Organization completed by enrollment of teachers, to wit:

Prof. J. C. Carey Smith, J. W. McGlothin, Geo. W. Thompson, Thomas Crouch, George W. Young, John W. Perry, Thomas H. Flood, W. J. Lacy, D. N. Gist, C. R. Prather, Mary Rice, John T. Moore, Silas B. Lane, John T. Baker, Clarence McAlister, H. F. Barker, F. M. Karriek, G. T. Blackland, LADIES, Nannie Turner, Artie Gault, Fannie Batts, Nannie Walker, Martha Crouch, Pearl England, Mary Rice, Alice Hensley, Helen Shont, Mattie Rice, Lida Cronch, Emma V. Pitman, Frankie Gillaspie, Nellie Williams, Anna B. House, Emma Pierce, Lucy H. Talbott, Annie Olden, Rosa Baker, Clia Roberts, Kate Conner, Cora McKee, Mrs. Sarah Howard, Mrs. Lizzie Lacy, Mrs. J. C. Smith.

Visiting, Stella B. Morton, H. E. Baker, Mrs. Rena Perry, F. M. Karriek, Lillie Lewis.

W. H. Daugherty, Superintendent, made remarks pertinent to the program, and welcomed the teachers to the important work before them.

PHYSIOLOGY—CIRCULATORY SYSTEM. Subject treated by Professor Smith, at length and with great personality. Being a new branch added to the common school course, by recent legislative enactment—claimed the anxious interest of the teachers, and several entered into the discussion of the subject with alacrity.

LANGUAGE. Prof. Smith thought it often treated wrong side—made manifest the common errors, when a general and profitable discussion ensued.

TUESDAY, SEPT. 23.

After roll call, and music by Miss Lillie Daugherty, opened with prayer by Elder Stafford.

PRIMARY ARITHMETIC.

Smith: Always reason with the child from the concrete to the abstract, the perceptive faculty greater in the child than the adult—teach him by a corresponding number of objects. Treated the subject under the heads of maxima, methods and drills.

LANGUAGE—(SECOND READER GRADE).

Smith: Would commence with punctuation, by use of the paces, the child comes to classify. Mr. Williams would have children write sentences from his reader, and then, from the sense of them, rewrite them in his own language, thereby cultivating and appropriating the use of pure and proper forms of speech. An exchange of work among the pupils a good means of improvement, but must be managed cautiously, else it is engendered. At this stage proper forms for letters, notes, bills, etc., might be properly introduced. Conclusion is, penmanship and reading cannot be divorced from the subject.

SPELLING.

Smith: In letter writing, while bad penmanship is allowable, bad spelling, never. Spelling in our language very difficult to learn, from its multiplicity of derivations. Miss Pitman would have spelling exercise written, and from one of the sentences in reading lesson, and on either paper or slates. Mrs. Lacy would have class provided with slates, and work exchanged among pupils for correction and criticism. Mr. Williams—thinks spelling all important, and the speller an indispensable adjunct. Pronunciation would be difficult to teach in any other manner. Here followed an exercise in written spelling. Mrs. Lacy B. Talbott and Miss Emma V. Pitman excelled, in the order named.

READING DRILL.

Concluding with reading of school laws by Misses McKee and Pitman.

PHYSIOLOGY—DIGESTIVE SYSTEM. Subject was treated in detail, and very clearly and delicately by Prof. Smith. The hygiene of the organs, elicited profitable discussion, and tobacco and chewing gum were not neglected.

LONGITUDE AND TIME.

Was assigned to Miss Nellie Williams, who made very pretty and pertinent remarks. Prof. Smith elaborated the subject with numerous illustrations.

SCHOOL GOVERNMENT.

Smith: Is the most important element of school work, first aim is to teach self control, the second to secure good order. Means are, moral training and training of the will to steady and regular authority. Some of the conditions enumerated and discussed, were good scholarship, skill in teaching and managing, heart and will power, moral character, common sense, pleasant and attractive surroundings, methods and aids, proper seating, program, fewest possible rules, and even corporal punishment.

WEDNESDAY, SEPT. 24.

Opened with prayer by Prof. Smith, Beautiful song, sweetly sung, by Miss Emma Pitman.

HISTORY—HOW TO TEACH IT.

Miss Lacy B. Talbott had charge of the subject, treating it with skill, conciseness and perspicuity. Prof. Smith followed with instructive remarks. Dr. Walden volunteered a good thought, and Mr. T. S. Kavanaugh "brought down the house" with an incident or two quite applicable to the subject. Mr. Lacy thought recitations should be given in the pupil's own language—would disregard the text book. Mr. Williams would not ignore the plan of memorizing altogether, and would have recitations sometimes written.

LANGUAGE.

Smith: Sentence building should precede analysis, and analysis should precede parsing. An amusing exercise in composition was provoked by writing the name of "Pier Point" on the blackboard, and giving

each teacher five minutes to "write up" the imaginary gentleman.

Exercises were given and elements of sentences discussed.

READING DRILL.

Was a class exercise, developing some excellent training.

PUNCTUATION.

Was introduced by Miss Emma Pitman, followed by Prof. Smith. Conclusions were: Make the early morning exercises interesting that no pupil will want to be absent. The teacher must be an exemplar in all things, especially in this particular.

PHYSIOLOGY—CIRCULATORY SYSTEM.

Prof. Smith kept this new subject alive with to profoundest attention. His lecture was elaborate and very instructive.

PRIMARY READING.

Was taken up by Mr. W. J. Lacy. Difficulties to teach it, has always found it difficult, approves the word and picture method, the child having limited reason must be taught through its perceptive faculties, has found children who could only be taught through the old a, b, c method.

SCHOOL GOVERNMENT.

Prof. Smith would call to the work natural aids: instruction in morals, incentives, the hope of future good, desire to excel—love of approbation, and desire to do one's duty as a duty. Thought a child would never grow self-controlling without morals, nor be a good citizen, a good teacher, or a good anything else.

THURSDAY, SEPT. 25.

Met pursuant to adjournment. After roll call and music, opened with prayer by Prof. Smith.

HISTORY.

Prof. Smith: History and geography should be taught in conjunction, with the free use of maps and map drawing. Being simply taught as a higher class reading lesson, simply a waste of time. The material and scientific progress of the country, a much more important part of our history than the wars engaged in.

LANGUAGE.

Class blackboard exercise—involving analysis, parsing and criticism. Sentences beautifully diagrammed by Misses Cora McKee and Anna House and Mr. W. J. Lacy.

PRIMARY GEOGRAPHY.

Smith: Little necessity for the book—taught and illustrated from objects the most impressive plan. Would have map drawing begun with early lessons.

ARITHMETIC—DIVISION OF FRACTIONS.

Smith: Very often taught mechanically—by the rules, and with no reason for the steps taken. With blackboard exercises illustrated the subject fully and explicitly—including the inversion of the divisor.

PHYSIOLOGY—THE EYE.

Prof. Smith treated this feature of the subject very thoroughly, evoking considerable interest and discussion.

PENMANSHIP.

Smith: A branch that is much neglected; being mechanical the same excellence not possible to be attained by all. The first requisite is, for the teacher to have practice in teaching it, which very few possess. Written exercises facilitates skill, especially if carefully performed. Theory and practice go hand in hand, and the exercise must be daily. The science was elaborately illustrated on the blackboard. T. S. Kavanaugh gave brief instruction in stenography. It is astounding in what a little while the dullest may become an expert under his instruction.

Just here, little Nellie Kimbrough, a wee little bud of beauty and of brightness, and sweetly "Goodbye my Lover, Goodbye."

SCHOOL GOVERNMENT.

Smith: Punishment is to prevent wrong doing by reforming wrong doing—by deterring others, and condemning a violation of the right. It should be certain, it should be just and in the proper spirit. To control others is only successfully done by those who can control themselves. When the child is convinced, and admits his error, he is a reconstructed individual. The promise of punishment must be faithfully kept, else the necessity for it will accumulate. Cases are rare where means of discipline should be resorted to. Corporal punishment had a wide range of discussion.

FRIDAY, SEPT. 26.

After roll call and music, opened with prayer by Prof. Smith.

HISTORY.

Was taken up, and became more a class exercise than otherwise. Cards with dates of important events were distributed to the teachers remembering them, when Mr. C. R. Prather was found to have the most and Miss Emma Pitman the next largest number. The exercise developed some very retentive memories.

MAP DRAWING.

Prof. Smith gave numerous good illustrations and many suggestive and profitable remarks.

TEACHERS' ASSOCIATION.

Smith: In concentration of thought and effort night results are attained: the weak are protected, and the strong the better established. Mutual cooperation among teachers, like all other societies and organizations is a necessity. Their cause can only be promoted, their efforts receive proper and just compensation by regular organization, frequent interchange of thoughts, and a united effort upon general and fixed plans.

By unanimous approval, a "Teachers' County Association, with monthly meetings, the first Saturday in each month, was organized. W. H. Daugherty was chosen president, W. J. Lacy, secretary.

Prof. J. C. Smith, C. R. Prather and D. W. Hoot were appointed a committee to prepare constitution and by laws, and arrange work by the first meeting, which will be held at Owingsville, the first Saturday in November next.

Committee on resolutions composed of Misses Lacy B. Talbott, Belle G. Lyon, Emma V. Pitman and Mr. Clarence McAlister, reported the following, which were unanimously adopted, to wit:

1. That, we tender our sincere thanks to W. H. Daugherty, our County Superintendent, for the interest he manifests for the teachers of the county, and his earnest devotion to the cause of education.

2. That, we thank Prof. Smith for the successful manner in which the Institute has been conducted, being both a source of instruction and pleasure to the teachers assembled.

3. That, to Miss Lillie Daugherty and her corps of assistants, for the enjoyment contributed by their choice and rare selections of music and song, and the charming manner in which they were rendered, we tender our grateful acknowledgments.

Appropriate music followed each part of the program, and the "Sweet By and By" was last given, when the Institute adjourned without day.

W. H. DAUGHERTY, Supt.

The present apple crop of the county is as large, if not larger than ever known before. We learn that they are selling to the consumers in Owingsville, by the wagon load, at the very lowest prices.

Gen. Grant's health is improving. He now uses only the right hand crutch.

Messrs. Thompson & Ramsey are building an addition to their stable. When completed it will be the best in this section.

Charlie Kilpatrick and Willie Bascom went to Cincinnati Sunday, took in the big "Ex." Monday, and returned home Monday night.

### NOTICE.

All persons indebted to the undersigned as trustees of L. R. Slesser, will please pay or settle the same by the 1st day of September, 1884; and if not paid or settled by that time I shall be compelled to sue.

F. A. GOODPASTER.

Assignee.

I will sell coal at either Preston or Salt Lick stations by the car load or delivered to the consumers in Owingsville, by the wagon load, at the very lowest prices.

J. M. COLLIVER.

Messrs. Thompson & Ramsey are building an addition to their stable. When completed it will be the best in this section.

Charlie Kilpatrick and Willie Bascom went to Cincinnati Sunday, took in the big "Ex." Monday, and returned home Monday night.

## Old Reliable Drug Store!

C. W. HONAKER,

Owingsville, - - Kentucky.

LARGEST STOCK AND BEST GOODS

LOWEST PRICES.

DEALS ALSO IN STAPLE AND FANCY

GROCERIES.

Best Brands of Cigars and Tobaccos and Pure Liquor FOR MEDICINAL USES.

WM. SHAW, the celebrated Paris Mill, has recently at the enormous

outlay of \$28,000 in cash, remodelled his Mills by adding the finest and completed

ROLLER PROCESS, and it is as needless to say that

these are The Best Mills in Kentucky, as it is to say

that Billy Shaw is the best miller.

He chose this occupation nearly forty years ago, and has pursued it steadily
